

Oldham Leisure Centre

Putting Oldham on the national sporting map

Bringing county level swim, state of the art gym, spectacular sporting, leisure and exercise facilities right to your door step.

Oldham Leisure Centre marks a turning point in Oldham's leisure and fitness offering. Bringing investment of over £15 million, and a long-term plan that will put Oldham on the national sporting map, everyone will have access to more exercise, fitness, leisure and recreational activities than ever before.

Just some of Oldham's features are shown below!

- 25 metre 8-lane pool
- 80 workout stations
- 2 dance studios
- 8-court sports hall
- 4-rink indoor bowls hall
- 1 spinning studio
- Sauna & steam room

Did you know?

The all-new Oldham Leisure Centre will house a superb new café and lounge area, and has parking for up to 119 cars. With close proximity to all public transport links too, it's easy to get to, day or night, 7 days a week.

Did You Know?

Technogym equipment can be used with the Apple and Android App MYWELLNESS®, which will enable members to access their fitness data, personalised programme, favourite videos and lots more - all displayed on the integrated TVs.

gym

Gym

Our state of the art gym boasts 80 workout stations, providing a large range of cardio and resistance training equipment for our members, as well as a superb collection of free weights and designated zones for warm up and warm down.

The new gym uses leading cardio and resistance equipment from Technogym, featuring popular machines such as bikes and Run Now treadmills, which have a cushioned surface for a more natural running sensation.

The gym will also feature Vario, Crossover and Synchro equipment which provide members total upper and lower body workouts; as well as offering Recline and Step machines which are perfect for users with limited mobility.

Did You Know?

Our fantastic new dance, exercise and spinning studios boast over 325² metres of floor space, meaning that we're able to offer more classes and a wider range of activities than any other provider in the local area.
